

New Technology of Anhydrous Lanolin Manufacturing

The technology and equipment for lanolin manufacturing has been developed.
A pilot lanolin manufacturing has been organized.

FIELDS OF APPLICATION:

- Pharmaceuticals;
- Cosmetic industry.

MAIN FEATURES AND BENEFITS:

- The technology and manufacturing is unique in Ukraine;
- The Ministry of Public Health gave permission to manufacture anhydrous lanolin;
- Lanolin manufacturing is safe and does not pollute the environment;
- Lanolin paste is a by-product in lanoline manufacturing. It is used in building as grease for concrete pouring trays.

MAIN PRODUCTS MADE OF LANOLINE:

Medical Ointments

Cosmetics

Soap
