within the established quotas for foreigners based on directions from the Ministry of Education and Science of Ukraine.

7. Foreigners arriving in Ukraine to participate in academic mobility programs or to obtain higher education in educational programs agreed between Ukrainian and foreign higher education institutions are admitted to study taking into account the relevant contractual obligations of the relevant higher education institutions.

8. Foreigners and stateless persons, including Ukrainians living abroad, who permanently reside in Ukraine, persons recognized as refugees and persons in need of additional protection, have the right to higher education at the same level with citizens of Ukraine, in particular under the state or local budget, with the exceptions established by the Constitution of Ukraine, laws of Ukraine or international agreements, the binding nature of which has been approved by the Verkhovna Rada of Ukraine.

Foreign Ukrainians whose status is certified by a foreign Ukrainian certificate (except for persons permanently residing in Ukraine) may enroll in state-ordered education within the established quotas for foreigners by interview in subjects covered by the Rules of Admission.

XV. List of opportunities for training people with special educational needs

1. In order to implement the state policy to ensure the right of persons with special educational needs to education and guided by the provisions of the Constitution of Ukraine (Article 21, Article 24, Article 53), the Law of Ukraine “On Higher Education” (Article 3, Article 4, Part 1, Article 9, Article 2, Article 32), as well as acts of international law - the Salamanca Declaration, the Universal Declaration of Human Rights (Article 26), the World Declaration on Education for All, the National University "Chernihiv Polytechnic" carries out the following measures to inform about the rights to education of persons with special educational needs:

- Systematic and continuous educational work of research and teaching staff among students of secondary schools of the city and region, their parents, including secondary schools with inclusive education on learning opportunities at the University based on cooperation agreements.
- Distribution of brochures, printed materials on this issue among public organizations, specialists of various institutions and organizations.
