**The collection of theses of scientific reports  
of the Forum of stakeholders for the social entrepreneurship development  
“SOCIAL ENTREPRENEURSHIP AS A TOOL FOR RECONSTRUCTION  
OF UKRAINE”**

We invite scientists and specialists in the fields of psychology, pedagogy, social work, public administration, economics, law and related disciplines to publish their findings in the collection of theses of scientific reports of the **Forum of stakeholders for the social entrepreneurship development “SOCIAL ENTREPRENEURSHIP AS A TOOL FOR RECONSTRUCTION OF UKRAINE”**.

Scientists, post-graduate students, students at universities and research institutions are invited to submit their works.

The publication of theses with the receipt of an electronic compendium and a certificate is **free of charge**.

***FORUM CONCEPT***

An important role in the process of reintegration of servicemen, veterans and their family members should be played by the key stakeholders of social entrepreneurship: the state, which through incentive mechanisms should determine the institutional foundations and strategy for the development of social entrepreneurship; a community in which social enterprises should be created, social capital and social participation should be formed in order to achieve social changes; business as an investor, partner, mentor; education as a tool for raising awareness of social entrepreneurship, developing entrepreneurship, increasing motivation to establish social enterprises.

The collective of young scientists of the Chernihiv Polytechnic National University is carrying out an interdisciplinary project aimed at forming a participatory model of social entrepreneurship development and determining its role in the process of reintegration of servicemen, veterans and their family members on the topic "Participatory model of social entrepreneurship development: determinants of reintegration of servicemen and ATO/UFO veterans and their family members".

*Aim of the Forum:* promote the dissemination of national and international experience in the development of social entrepreneurship, create conditions for discussing the mechanisms of

interaction of key stakeholders ("state-society-business-education") in the process of social entrepreneurship development as determinants of the reintegration of military personnel, veterans and their family members.

### *Thematic directions*

#### **Direction 1 Social entrepreneurship as a determinant of reintegration of military personnel, veterans and their family members**

- Development of social entrepreneurship in the educational and scientific space: foreign vector and domestic context
- The importance of social entrepreneurship in the formation of social capital and solving social problems. Involvement of the community in the development of social entrepreneurship in modern conditions
- State administration mechanisms in the field of social entrepreneurship
- The role of business as a catalyst for the development of social entrepreneurship for the restoration of Ukraine

#### **Direction 2. Social and psychological aspects of recovery of Ukraine**

- The influence of the war and its consequences on the training of specialists: social work, psychology, sociology, philosophy
- Innovative approaches and practices of providing social, psychological, pedagogical, analytical, sports and recreational services
- Working with war trauma among military, veterans, and civilians: From therapy to growth
- Social changes and recovery at the level of territorial communities of Ukraine: the role of social planning and social entrepreneurship
- Priorities of education development for post-war recovery: innovative methods and technologies, features of tutoring and mentoring in higher education institutions

#### **Direction 3 Economic dimensions of recovery of Ukraine in the context of global trends: economy, management, entrepreneurship**

- Financial and economic security in the recovery system of Ukraine and its regions in the context of global trends
- Accounting, auditing and taxation in the context of recovery of Ukraine in the conditions of economic globalization
- Management in the conditions of wartime and the period of postwar recovery of the economy of Ukraine and its regions
- Marketing and logistics in the conditions of wartime and post-war economic recovery of Ukraine
- Economy and entrepreneurship in the recovery system of Ukraine and its regions in the context of global trends

## **Direction 4 Ensuring the stability of the system of law and public administration for the restoration of Ukraine**

- Modern innovations of public administration in the conditions of martial law and the post-war period
- Public management of social and humanitarian development in the post-crisis world
- Trends and directions of development of the system of governance at the territorial level in the post-war reconstruction of Ukraine: legal aspect
