THE UNIVERSITIES' REACTION TO BIG OBSTRUCTIONS: BUILDING RESILIENT HIGHER EDUCATION TO RESPOND AND MANAGE SOCIETAL CRISES

Trainings 2024

Erasmus+ KA2

**Funded by
the European Union**

The trainings aim to improve and build capacities of Ukrainian HEIs in providing more flexible, relevant to labour market and practice-oriented educational offers. More specifically, the main objectives of these trainings are:

- 1) to improve competences of Ukrainian HEIs staff in strategic and crisis management, human recourse management, development and delivery of innovative educational programmes (accreditation, design of micro-credential programmes, use of digital teaching methods, quality assurance of educational programmes) and cooperation with local and international non-academic stakeholders.
- 2) to gain and share new experience among all project partners after Ukrainian HEIs developed and performed the educational programmes.

Number of trainees:

- 4 participants on full training (online and physically)
- 4 participants on shorter training (online only)

Study language: English
