International Youth Scientific and Technical Conference

"Young Science – Robotics and Nanotechnologies of Modern Mechanical Engineering"

April 15–17, 2026
using Internet platforms.

Kramatorsk- Vinnytsia-Ternopil, Ukraine

Dear colleagues!

The Organizing Committee invites you to take part in the International Youth Scientific and Technical Conference **"Young Science – Robotics and Nanotechnologies of Modern Mechanical Engineering"**.

The conference will take place from **April 15–17, 2026**, in both online and offline modes, with the preparation and provision of a collection of scientific works of the conference, based at the Donbas State Engineering Academy and the Vinnytsia National Technical University (Ukraine) utilizing Internet platforms.

The purpose of the conference is to develop science, exchange ideas, and scientific-technical information about research conducted by young scientists, students, and junior researchers.

The main themes of the conference:

- *Innovative technological processes, expansion of technological capabilities of technological equipment;*
- *Computerized support for technological preparation of production;*
- *Robotics and artificial intelligence in modern machine building;*
- *Energy-saving processes in forming machine parts;*
- *Nano-technologies in forming working layers of machine parts;*
- *Dual education for learners;*
- *International internships and collaboration of young scientists;*
- *Development of youth creativity in branches of the Small Academy of Sciences with a scientific-industrial profile.*

To participate in the conference, it is necessary to send an application for participation in the conference and materials for publication in the conference proceedings in electronic form by April 7, 2026, to the following address: kovalevskii61@gmail.com.

Conference languages: Ukrainian, English or other approvals by the Committee.
